## BARBARA BARRY FOR MCGUIRE

Continuing a conversation with rattan, defining its place in contemporary living, renowned designer Barbara Barry brings forth new designs for McGuire. Forms that appeal to the eye and invite the body. Designs created and finished entirely by hand.

With her innate sense of style and sophistication, Barry offers designs of modern distinction in McGuire's famed rattan, woven peel and exotic woods. Ranging from elegant silhouettes to fresh casual forms, the group as a whole is a testament to the fluency of these classic materials.

Dining chairs offering pleasing composition of line and form. Lounge furniture recalling the relaxed elegance of beachside resorts. Casegoods marrying rattan with textural woven cane.

Evident in all pieces is Barry's true appreciation for McGuire's design anthology and unique materials. The execution of these designs makes it clear that both designer and manufacturer speak the same language of fine craftsmanship and innovation.
